

Icelandic Sheepdog International Cooperation

## NEWSLETTER JUNE 2024

Dear ISIC friends

We are writing to remind you all about we have decided and what we need to do in the coming months before our annual meeting last weekend of October.

ISIC executives are trying to make sure we have all the right names and addresses from the clubs. We have discovered faults and are trying to correct them, but we do not know what is correct unless you inform us. Please send info to [isic@icelanddog.org](mailto:isic@icelanddog.org). We also urge you to contact our data group send to [leder@islandshunden.no](mailto:leder@islandshunden.no) to make sure that ISIC have all correct names of the persons in each club responsible of entering dogs in the database. This for internal use

Let us also remind you that it is possible to suggest names for the executive, breed and data groups now, but decisions and appointments will be made by the chairmen during the meeting in October.

Send suggestions to [isic@icelanddog.org](mailto:isic@icelanddog.org)

We hope you have all noticed that ISIC is more visible on social media since Elin Morgan Brastad joined the ISIC executive as one of our apprentices? We are asking for more pictures to use on our webpage and Instagram and Facebook.

Send to [database@icelanddog.org](mailto:database@icelanddog.org)

We would like to remind you to send news about what happens in your clubs to the webmasters so they can enter it on our webpage. We think it is a good idea to have more frequent contact between the clubs not only during seminars once a year.

Please send to [leder@islandshunden.no](mailto:leder@islandshunden.no)

ISIC/Executive Committee 17<sup>th</sup> June 2024
